DIRECTIONS FOR MAKING A WILL.—Continued.

the estates of persons of unsound mind). In appointing such a company to the office of executor and trustee the following clause may be used:—"I appoint (here give name of company selected) to be the executor and trustee of this my Will. And I declare that the said company by its officers may execute any of the trusts or powers therein contained.

NOTE PARTICULARLY.—IT WILL be as well where professional assistance cannot be obtained to adhere as closely as possible to the above forms when adapted to your requirements. In printed forms of Wills supplied by

stationers a direction is almost invariably contained in the Will by the testator to pay all his just debts and funeral and testamentary expenses. The insertion of these words can have no beneficial effect and very often does irreparable harm to the family of the testator where his life is insured, as the courts hold that by the insertion of these words life-policy moneys are made available for payment of debts which by law they otherwise would not be in this colony were these words omitted.

MARRIAGE will render a Will executed before marriage void and a fresh Will must be executed after marriage.

REGULATIONS.

COLLECTION OF LETTERS.

Arrangements may be made for the collection, when practicable, of ordinary letters only from private boxes of approved pattern at business premises, etc.

The charge for this service is as follows:—For three collections daily, except Sundays and holidays, from a box on the ground floor, £6 per annum. For each additional daily collection, £1 per annum. For boxes above or below the ground floor, an additional £1 per annum in respect of every floor the collector has to ascend or descend to make the collections. A notice will be affixed to these boxes:—“Any article put into this box will not, for the purpose of any enactment, law, or contract, whereby the due posting is evidence of the receipt thereof by the addressee, be deemed to have been duly posted.” Application to be made to the General Post Office.

POST OFFICE EXPRESS DELIVERY SERVICE BY TELEGRAPH MESSENGERS.

There are four systems by which letters and packages not exceeding 8 ounces in weight can be specially delivered, namely:—

By Special Messenger All the Way.—This is the most expeditious service, and to secure it letters, etc., must be handed in at an “Express Delivery” Post Office.

By Special Messenger after Transmission by Post.—For this service a letter may be posted at any post or receiving office, or in any letter-box or tram posting bag, and be “expressed” on reaching the delivering office, providing such office is an express delivery office. (See list at foot hereof.)*

By Special Delivery in Advance of the Ordinary Delivery by Letter Carrier.—By this means any person may make an arrangement with the postmaster of any express delivery office to secure the immediate delivery of his own correspondence on its arrival.

Special Delivery by Travelling Mail Officers at all stations where the mail trains are timed to stop without passing through the local post office or waiting local delivery.

LOCAL SERVICE BY SPECIAL MESSENGER ALL THE WAY.

In Brisbane letters and packets not exceeding 8 ounces in weight will be accepted at the Chief Post Office and the post offices at South Brisbane, Woolloongabba, Fortitude Valley, Albion, and Toowong. They will also be accepted at most post offices from which there is a delivery of telegrams. Such offices are designated “Express Delivery Offices.”

In Brisbane, for a letter or packet not exceeding 8 ounces in weight, for the first mile or part of a mile, in addition to the proper postage, 4d.; provided that the minimum rate, including postage, shall not be less than 6d.; for every additional half-mile, or part of half-a-mile, up to two miles, 2d. Express messages will be delivered by foot messengers, by omnibus, or by bicycle, at the discretion of the Department. If the sender desires a cab or other special conveyance

to be used, the actual fare must be paid in addition to the express fee and postage. At the suburban and country post offices the express delivery is limited to one mile from the post office. All charges, including both postage and fee, must be fully prepaid by valid postage stamps affixed to the letter or packet. Every letter and packet intended for express delivery must be handed in, and not placed in a letter-box, during the hours the office is open for ordinary business. After the office has closed they may be posted in the letter-boxes in the ordinary manner, but will not be delivered until the following morning. The words, "Express Delivery" must be boldly and legibly written by the sender above the address in the left-hand corner of the cover. When posted in a letter-box there must be in addition a broad perpendicular line drawn from top to bottom both on the front and the back of the cover. There is no express delivery on Sundays and holidays. All articles handed in or posted for express delivery must be immediately marked with the date and time of posting. Where a date stamp, showing hours and quarter-hours in plain figures, is in use, it will be sufficient to date-stamp such articles with the stamp, showing the hour and quarter-hour of posting. At offices where a stamp of this description is not used, the article must, in addition to dating with the stamp in ordinary use, be marked with the exact time of posting, thus: "9/5 A," indicating five minutes after 9 a.m. In the same manner, fifty-five minutes after 12 noon would be indicated by "12/55 P."

When a reply is required to an express delivery letter or packet, the words "Wait Reply" must be legibly written by the sender immediately under the words "Express Delivery," and the postage and fee required for the reply must be affixed by postage stamps immediately under the above endorsement on the article to which a reply is desired. The messenger will be allowed to wait ten minutes for the reply.

When the letter or packet sent in reply, or, as a further service, is to be taken to an address on the messenger's homeward route, the express delivery fee will be 3d. in addition to the ordinary postage, otherwise the full fee as for the original service must be prepaid.

Articles in reply, or further service, can only be accepted after the messenger has delivered all the express delivery articles originally entrusted to him.

A telegraph messenger on delivering a telegram may, if desired, take back to the post office at which he is employed a letter or packet for express delivery. The postage and fee must be prepaid by the sender by means of stamps affixed to the articles. The express fee will be charged as from the residence of the sender, and not from the office where the messenger is employed.

EXPRESS DELIVERY AFTER TRANSMISSION BY POST.

Letters and packets intended for express delivery from the post office of destination only can be posted like ordinary articles, but they must be clearly marked "Express Delivery," and have a thick perpendicular line drawn on each side of the envelope. The fee of 4d. in addition to the ordinary postage must be prepaid by affixed postage stamps, and the minimum rate, including postage, is 6d. Letters and packets marked as directed and fully prepaid will be delivered by special messenger immediately after the receipt of the mail in which they are enclosed. The conditions already specified for express letters and packets for the local service will also apply to those intended for express delivery after transmission by post.

SPECIAL DELIVERY OF LETTERS AND PACKETS IN ADVANCE OF THE ORDINARY DELIVERIES, AT THE REQUEST OF THE ADDRESSEE.

Persons or firms who desire at any time to receive their letters or packets, not exceeding the weight of 8 ounces each, or in the aggregate a total weight not exceeding 4lb., in advance of the ordinary delivery, may have them delivered by special messenger on payment of the following fees, viz. :—

The full express fee of 4d. a mile, or fraction of a mile, for one article, and ½d. each for each additional article beyond the first. Written applications for such special delivery must be made by the person to whom, or firm to which, the letters or packets are addressed. The applications must be addressed to the officer in charge of an express delivery office from which the letters are ordinarily delivered. If possible they should be delivered by hand, but if posted must be prepaid as ordinary letters. Care should be taken that the applications reach the office an hour at least before the time at which the delivery by letter carrier com-

mences. The express fee on at least one article must be prepaid by stamps affixed to the application. All additional fees must be paid to the special messenger on delivery. If no letters or packets for the address given are found, a special messenger will be sent to inform the applicant to that effect, and the express fee will be retained to pay for this service. In cases where a regular delivery by special messenger is required, either on one or more days of the week, or of letters, etc., arriving by any particular mail, it will be sufficient if application be made accordingly and left with the officer in charge. In such cases the whole of the charges will be collected on the delivery of the letters.

EXPRESS LETTERS OR PACKETS FOR DELIVERY FROM TRAVELLING POST OFFICES, WITHOUT PASSING THROUGH THE LOCAL POST OFFICE.

Letters or packets with the ordinary postage fully prepaid, together with the usual late fee, and an express delivery fee of 4d. affixed by postage stamps, will be accepted by any travelling mail officer for delivery at any railway platform where the mail train is timed to stop. Such articles must be marked by the sender "Express Delivery" in the manner previously directed, and this endorsement will be covered by the date stamp of the T.P.O. to indicate that no further or local express delivery service is required. The sender must arrange for a special messenger to meet the train on arrival at the platform and apply at the travelling post office for the article. If this is not done, the letter or packet will be handed loose to the person carrying the mails to the local post office, and delivery must be obtained in the usual manner.

EXPRESS DELIVERY OFFICES.

Albion, Bowen, Brisbane, Bundaberg, Cairns, Charleville, Charters Towers, Cooktown, Croydon, Dalby, Fortitude Valley, Gladstone, Gympie, Ipswich, Mackay, Maryborough, Mount Morgan, Normanton, One-Mile, Petrie Terrace, Queensland, Rockhampton, Roma, Sandgate, South Brisbane, Southport, Toowoomba, Townsville, Warwick, Woolloongabba, and such other offices as the Postmaster-General may from time to time appoint.

LETTERS.

The Rates of Postage on Letters posted in Queensland are—

For delivery within the Colony—

| | |
|--|---|
| From the post office at which they are posted and within the limits of town delivery | 1d. for each $\frac{1}{2}$ oz. or fraction thereof. |
|--|---|

| | |
|---|---|
| From any other post office than that at which posted and beyond the limits of town delivery | 2d. for each $\frac{1}{2}$ oz. or fraction thereof. |
|---|---|

| | |
|--|---|
| For any place within the Australasian Colonies, including the New Hebrides, Fiji, and British New Guinea | 2d. for each $\frac{1}{2}$ oz. or fraction thereof. |
|--|---|

| | |
|--|--|
| For any place beyond the Australasian Colonies | 2 $\frac{1}{2}$ d. for each $\frac{1}{2}$ oz. or fraction thereof. |
|--|--|

One penny postage only shall be charged on letters not exceeding half-ounce in weight, sent by or addressed to any seaman on actual service in Her Majesty's Navy or in the Marine Defence Force of any of the Australasian Colonies, or to or by a non-commissioned officer or man on actual service in Her Majesty's regular forces or in the Permanent Land Force of any of the Australasian Colonies, provided that the letter bears on its addressed side the name of the writer and his class or description in his vessel, regiment, corps, or detachment, and the signature of the commanding officer. Also that a letter addressed to any such person shall bear on its addressed side the name of the vessel, regiment, corps, or detachment to which the addressee belongs. To places other than British possessions the ordinary rate of postage is charged.

Letters Not Fully Prepaid or wholly unpaid are forwarded, but are charged double the deficiency on delivery.

No letter should exceed 2 feet in length or 1 foot in width or depth.

Late Letters may be posted 15 minutes after the time appointed for closing the mail at the post office; also on board steamers, in or for the railway travelling post offices, and in the boxes provided at the principal railway stations for the reception of letters to be carried loose by the guards of all passenger and mixed trains; and at stations where boxes are not provided, such letters may be handed to the guards or station masters.

All late letters mentioned in the preceding Regulation that are intended for delivery within the Colony must have a late fee of 1d. affixed in addition to the ordinary postage, and those for places beyond the Colony must bear one single rate in addition to the ordinary postage.

Late letters for places in Queensland posted at any post office without late fees affixed will be detained until the following mail, but those sent by railway or steamer will be delivered on payment of the late fee. Late letters for places beyond the colony to which a late fee is not annexed will be detained until the following mail, except those posted on board steamers, the late fees on which will be collected on delivery.

Letters Containing Coin, jewellery, gems, watches, or any other valuable enclosure of the like kind, or poisons, must be registered, and if there is reasonable cause to believe that any unregistered letter contains such an enclosure it must be endorsed "Supposed to contain a valuable enclosure," and be officially registered, and be charged with a compulsory registration fee of 3d., to be collected on delivery.

NOTE.—As the system of compulsory registration applies to Australasian colonies only, unregistered letters and packets for other places containing coin, etc., will be sent to the Dead Letter Office, to be returned to senders.

Letters Concerning Goods sent, and to be delivered therewith, are not required by law to be posted nor to bear postage stamps; and when such letters are received loose for delivery through any post office they will be subject to the town or inland rate of postage only, provided the words "Consignee's Letter" is inscribed on the addressed side of such letter, otherwise they will be treated as ordinary letters irregularly posted or received.

Letters from Beyond the Colony, except loose ship letters from the Australasian Colonies, which have not been regularly posted at the office of despatch, are charged on delivery with full postage as from the country of origin, unless they are letters which it is not compulsory to send by post, in which case the town or inland rate only will be collected.

Letters Originally Posted in Queensland shall be retained at the office of delivery for one month from the date of receipt, those posted in any of the other Australasian Colonies shall be kept at the office of delivery three months, and those posted in the United Kingdom or any place beyond the Australasian Colonies, shall be kept six months. At the expiration of these periods all letters remaining unclaimed shall be sent to the Dead Letter Office, whence those posted in the Colony shall be returned to the senders, charged with ordinary postage, and any postage or fees remaining due thereon. Letters posted beyond the colony and finally unclaimed shall be returned at once to the country of origin.

Letters having inscribed on the addressed side the name and address of the sender in Queensland, or any of the Australasian Colonies, except Western Australia and New Zealand, and a special request that they may be returned if not claimed within a specified time, not being less than fourteen days, will be kept that time only, and will then be returned to the sender at the address given, charged with ordinary postage for re-direction.

BOOKS.

The postage for books is—To any place within Queensland, the Australasian Colonies (including the New Hebrides, Fiji, and British New Guinea), for each 4 ounces or fraction thereof, 1d.; to all places except the above, for each 2 ounces or fraction thereof, 1d. The following articles may be sent as books:—Printed books, pamphlets, magazines, reviews, printed music (bound or loose), photographs, prints, engravings, catalogues, reports of societies or companies, etc., and generally anything bound and published in book form. Book packets must not exceed 18 inches in length, 12 inches in width or depth, and 4lb. in weight; except that, to places within the colony to which there is no parcel post, a single book may be sent not exceeding 7lb. in weight.

PRINTED PAPERS.

The postage on printed papers, except books and newspapers, is—To any place within or beyond Queensland, for each 2 ounces or fraction thereof, 1d. Magazines and other periodicals may be transmitted intercolonially at the rate of postage—namely, $\frac{1}{2}$ d. for each 2 ounces or fraction thereof.

Printed papers include visiting cards, address cards, proofs of printing (with or without the manuscript relating thereto), engravings, photographs, albums containing photographs, pictures, drawings, papers impressed for the use of the blind, or cardboard drawing models stamped in relief (except for Russia and Sweden), plans, maps, catalogues, prospectuses, announcements, and notices of various kinds, whether printed, engraved, lithographed, or autographed, and in general all impressions or copies obtained upon paper, parchment, or cardboard by means of printing, lithography, autography, or any other mechanical process easy to recognise, except the copying press and the typewriter, and imitations thereof, and anything usually attached or appurtenant to any of the beforementioned articles in the way of binding, mounting, or otherwise, and anything convenient for the safe transmission by post which shall be contained in the same packet; also printed, engraved, or lithographed circulars, notwithstanding that such circulars may be letters, or communications in the nature of a letter, provided they bear internal evidence that they are intended for transmission in identical terms to several persons, the name of the addressee only being added in writing. In the case of circulars not wholly printed in ordinary type, engraved, or lithographed, but produced by some other mechanical process, such as chromography, copying press, typewriter, or imitations thereof, at least twenty copies must be submitted to the Post Office, and be posted at the same time, in order to constitute it a circular, otherwise every copy will be charged the letter rate. Stamps for prepayment, whether obliterated or not, and all printed articles constituting the sign of a monetary value, are, however, excluded from transmission as printed papers to countries of the Postal Union.

Printed papers, of which the text has been modified after printing, either by hand or by means of a mechanical process, or bears any mark whatever of such a kind as to constitute a conventional language, cannot be sent at the reduced or packet rate of postage. The following exceptions to this rule are, however, allowed:—(a) To indicate on the outside of the article the name, commercial style, and address of the sender. (b) To add in manuscript on printed visiting cards the address of the sender, his title, as well as conventional initials (p.f., etc.). (c) To indicate or to alter in a printed paper, in manuscript or by a mechanical process, the date of despatch, the signature and the commercial style or profession, as well as the address, of the sender. (d) To make manuscript additions to corrected proofs, and to make in those proofs alterations and additions which relate to correction, form, and printing. In case of want of space, these additions may be made on separate sheets. (e) To correct, also, errors in printing in printed documents other than proofs. (f) To erase certain parts of a printed text in order to render them illegible. (g) To make prominent by means of marks passages of the text to which it is desired to draw attention. (h) To insert or correct in manuscript, or by a mechanical process, figures, as well as the name of a traveller and the date of his visit, in prices current, tenders for advertisements, stock and share lists, and trade circulars. (i) To indicate in manuscript, in advices of the departure of ships, the dates of those departures. (k) To indicate in cards of invitation and notices of meetings the names of the persons invited, the date, the object, and the place of the gathering. (l) To add a dedication on books, sheets of music, newspapers, photographs, and engravings,

as well as to enclose the invoice relating to any such work. (*m*) In requisitions sent to libraries (printed and open, and intended as orders for books, newspapers, engravings, pieces of music), to indicate on the back, in manuscript, the works required or offered, and to erase or underline on the front the whole or part of the printed communications. (*n*) To paint fashion plates, maps, etc. (*o*) Birthday, Christmas, Easter, or New Year cards may have written on them complimentary or such like remarks, together with the names and addresses of the senders, and of the person for whom the cards are intended, also the date of sending. (For example: "To John Smith, with best wishes, from Mary Smith. Christmas, 1891.") But cards having messages or communications written on them, such as "Hoping to see you shortly," "Be sure to write soon," will be liable to letter rate of postage.

Additions made in manuscript or by a mechanical process, which would deprive a printed paper of its general character, and give it that of individual correspondence, are forbidden. Address cards, and all printed matter of the form and substance of an unfolded card, may be forwarded without wrapper, envelope, fastening, or fold. Cards bearing the inscription "Post Card" are not allowed to go at the rate for printed matter.

Rate notices and other notices issued by municipalities, shire councils, and divisional boards may be sent within the colony as printed papers.

COMMERCIAL PAPERS.

The postage for commercial papers is—To places within Queensland and the Australasian Colonies, for each 2 ounces or fraction thereof, 1d.; to all places except the above, for any weight not exceeding 2 ounces, 3d.; between 2 ounces and 4 ounces, 3½d.; between 4 ounces and 6 ounces, 4d.; between 6 ounces and 8 ounces, 4½d.; between 8 ounces and 10 ounces, 5d.; between 10 ounces and 12 ounces, 6d.; each additional 2 ounces up to 5lb., 1d.

Commercial papers comprise all papers or documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, deeds drawn up by public functionaries, copies of or extracts from deeds under private seal (and whether written or printed on stamped or unstamped paper), way-bills, bills of lading, invoices, and other documents of a mercantile character, documents of insurance and other public companies, all kinds of manuscript music, the manuscript of books and other literary works, and other papers of a similar description, including written articles intended for publication in newspapers not being of the nature of personal letters, as well as written descriptions or hand sketches of places which are sent for publication. Acceptances, accounts receipted or unreceipted without remarks of any kind, bankers' packet containing bank-notes, cheques, cheque-books, drafts, or orders, sent by or to any bank, bank pass-books with covers endorsed and ends sufficiently open to enable officials to see that pass-books only are enclosed, and bills of exchange, written letters of old date, provided they are at least two months old, which have previously passed through the post and served their original purpose, and obliterated stamps, may be sent as commercial papers to any place within Queensland and the Australasian Colonies. Bankers' packets may be enclosed in covers sufficiently open to admit of postal officials seeing that nothing of the nature of a letter is enclosed therein. Packets containing bank-notes cannot be sent to New Zealand.

PATTERNS AND SAMPLES.

The postage on patterns and samples is—To all places within and beyond Queensland, for each 2 ounces or fraction thereof, 1d.

The pattern and sample post to all places beyond Queensland is restricted to bona fide trade patterns and samples of merchandise, and such patterns or samples must possess no saleable value. Articles of natural history, such as dried and preserved animals and plants, geological and scientific specimens, etc., may be exchanged with the countries of the Postal Union and the United States of America as samples.

Packets, not bona fide samples or patterns, may be sent by parcel post to any place within or beyond the colony to which the parcel post system has been extended.

Postage stamps, whether obliterated or not, not exceeding 16 ounces in weight, mineral specimens, seeds, wedding cake, queen bees, harmless entomologi-

cal specimens, specimens of natural history, botanical specimens, etc., securely packed, may be sent as patterns and samples to any place in Queensland or the Australasian Colonies and Fiji. None of the articles enumerated can be sent as packets to any place beyond the Australasian Colonies.

Merchandise not exceeding 16 ounces in weight may be sent as patterns and samples within the colony, but if received from any place out of Queensland as a packet, such packet must be charged and dealt with as a parcel.

Bar gold and gold dust are passed through the post at double the letter rate of postage.

Patterns and samples when practicable must be sent in covers open at the ends and in such a manner as to be easy of examination; but samples of seeds, drugs, and such like articles which cannot be sent in covers of this kind may be posted enclosed in boxes or in bags of linen or other material fastened in such a manner that they may be readily opened.

Patterns and samples must not bear any writing except the name and address of the sender, the address of the addressee, a manufacturer's trade mark, numbers, prices, and indications relative to weight or size or to the quantity to be disposed of.

Such articles as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, provided that they are packed or guarded in such a way and so secure a manner as to afford complete protection to the contents of the mail-bags and to the officers of the Post Office, and at the same time to be easily examined, may be forwarded as samples to places within the colony. Liquids, glass, oils, powders, and live bees may be sent to countries in the Postal Union, provided they be packed in the following manner:—

- (1) Articles of glass must be securely packed (boxes of metal, wood, leather, or cardboard) in a way to prevent all danger to the correspondence and postal officers.
- (2) Liquids, oils, and fatty substances, easily liquefied, must be enclosed in glass bottles, hermetically sealed. Each bottle must be placed in a wooden box, furnished with sawdust, cotton, or spongy material, in sufficient quantity to absorb the liquid in case the bottles be broken. Finally, the box itself must be enclosed in a case of metal (if wood, with a screw top), or of strong and thick leather.
- (3) Fatty substances, which are not easily liquefied, such as ointments, soft soap, resin, etc., the transmission of which offers less inconvenience, must be enclosed in an inner cover (box, bag of linen, or parchment, etc.), which must itself be placed in a second box of wood or strong and thick leather.
- (4) Dry powders, whether dyes or not, must be placed in cardboard boxes, which themselves are enclosed in a bag of linen or parchment.
- (5) Live bees must be enclosed in boxes so constructed as to avoid all danger and to allow the contents to be ascertained.

Anything likely to damage the correspondence is absolutely prohibited; also intoxicating liquors, unless sent as bona fide samples for trade purposes, not exceeding 4 ounces in weight, and having no saleable value; or opium, or any preparation thereof, unless medicinal. Explosive, inflammable, and dangerous articles will be immediately destroyed.

Pattern and sample packets addressed to places within the colony (2 feet allowed by virtue of an arrangement with other Australasian Colonies), to India and the Australasian Colonies, must not exceed 18 inches in length, or 1 foot in width or depth, and 16 ounces in weight; and for the United Kingdom 2 feet in length, 1 foot in width or depth, and 16 ounces in weight.

Pattern and sample packets sent to any other place, except Belgium, Canada, France, Greece, Italy, Japan, Luxemburg, Portugal, Switzerland via France (if addressed via "Modane-Paris," or "French Packet"), the Argentine Republic, or the United States, must not exceed 8 inches in length, 4 inches in width, 2 inches in depth, and 12 ounces in weight. Those for Belgium, Canada, France, Greece, Italy, Japan, Luxemburg, Portugal, Switzerland (via "Modane-Paris," or "French Packet"), the Argentine Republic, or the United States, may be 1 foot long, 8 inches wide, 4 inches deep, and 12 ounces in weight.

Pattern and sample packets are re-directed to any place within or beyond Queensland on the same conditions as letters.

Packets posted to places within the colony, containing coin, jewellery, gems, watches, or any other valuable enclosure of the like kind must be registered, or they will be officially registered and charged the registration fee on delivery.

GENERAL PACKET REGULATIONS.

Books, printed papers, and commercial papers may be sent through the post without a cover (but not fastened with anything adhesive such as gum, sealing-wax, etc.), or in a cover entirely open at one end or side, or with the flap left unsealed, or fastened with a binder; if the cover be slit, the opening must be to the full extent of the end or side, and the contents must be easy of withdrawal. For the greater security of the contents the packets may be tied with string, but in such cases postal officials are authorised to cut or untie the string, but if they do so they must securely tie up the packets. Officers will, however, if possible, satisfy themselves as to contents without withdrawing them.

Officers of the Post Office may examine the contents of any package for the purposes of ascertaining whether they are in accordance with these Regulations, but such officers must securely refasten any packet so opened.

The limits of size for "printed papers" and "commercial papers" are—Length, 18 inches (2 feet allowed by virtue of an arrangement with other Australasian Colonies); width or depth, 12 inches; and the weight must not exceed 5lb.

Packets unpaid or insufficiently prepaid, addressed to any place in Queensland, will be sent to their destination, but will be charged double the deficiency on delivery.

If "commercial papers" are enclosed with "printed papers" or with "patterns and samples," the rates for "commercial papers" must be paid. Printed papers may, however, be enclosed with "patterns and samples."

"Printed papers," "commercial papers," and "patterns and samples," not in accordance with the Regulations, or containing writing other than that authorised, or such as may be closed against inspection, or contain enclosures not authorised by the foregoing rules, except such as are absolutely prohibited, if addressed to any place within the Australasian Colonies, will be sent to their destination, surcharged double letter rate, less the postage already prepaid; if addressed to any other place beyond Queensland, they shall be detained and sent to the Dead Letter Office for disposal. If, on being opened in the Dead Letter Office, a packet which has been surcharged as a letter, and refused by the addressee in consequence of such surcharge, is found to contain only enclosures entitled to pass at packet rates, and if it was fully prepaid at such rates, it shall be at once forwarded to its address, and be delivered without charge. If, in the case of a packet so surcharged, the addressee shall open it in the presence of a postal official, and it is found to contain only matter entitled to pass at packet rates, the surcharge may be refunded on application to the Chief Office. Such application shall be sent through the office at which the packet was delivered and examined, and must be endorsed by the officer in charge of that office.

Packets sent to places within Queensland or the Australasian Colonies to which there is a parcel post must not exceed 16 ounces in weight.

EXEMPTIONS FROM POSTAGE.

The undermentioned letters and packets may be sent through the Post Office as exempt from postage:—All petitions or addresses to Her Majesty, His Excellency the Governor, and all petitions to the Governor in Council, the Legislative Council, and the Legislative Assembly, not exceeding 32 ounces in weight, and without covers, or in covers open at both ends. Savings Bank books, from and to, and to and from, depositors and the Treasury; applications made by depositors (Savings Bank) for acknowledgments of deposits; applications or necessary letters of inquiry respecting the sums deposited by them, and for the replies thereto. All letters on Government insurances and annuities business (provided that the words "Government Savings Bank," "Government Annuities," or "Government Life Insurance," as the case may be, are legibly marked on the outside cover). All letters and packets sent by the Post and Telegraph Department. Telegraphic Messages posted for delivery in Queensland when bearing the word "Post" on the cover, and initialled by the Electric Telegraph officer in charge. Envelopes containing messages for transmission by telegraph from any place in Queensland, posted at any post office, not a telegraph office, with the words "Telegraph message only" written thereon above the address, and directed to the nearest telegraph office. All official correspondence despatched from any public

office in Australasia (except Queensland) provided the covers bear the endorsement "O.H.M.S." with the name of the department or branch from which they emanate in the lower left-hand corner. The "Queensland Government Gazette," when enclosed in an official cover with the words "On Her Majesty's Service," the title "Queensland Government Gazette," and the imprint of the Government Printer printed thereon, and open at both ends, shall (if received at a post office from the office of the Government Printer, but not otherwise) be exempt from postage if posted within seven days from the date of publication. Copies of the daily and weekly issue of the Parliamentary Debates published by the authority of Parliament shall, when bearing the imprint of the Government Printer and open at both ends, be exempt from postage if posted within seven days from the date of publication. Papers ordered to be printed by either House of Parliament shall, when bearing the imprint of the Government Printer and open at both ends, be exempt from postage if posted during the session in which they are ordered to be printed, or within one month thereafter. Ballot papers forwarded by returning officers under the Divisional Boards Act, Harbour Boards Act, and Rabbit Boards Act, enclosed in covers endorsed "Voting paper, division of —," "Voting paper, Harbour Board," "Rabbit Board, voting paper, district of —," respectively, and the voting paper when completed and placed in a cover similarly endorsed, addressed to the returning officer. Where letters or packets containing only returns of births, marriages, and deaths are transmitted in compliance with the law in that behalf by persons whose duty it is to transmit such returns to an officer appointed to receive the same, it shall not be necessary to prepay the postage, but the postage shall be paid by the officer on delivery of the letters or packets, if, on the outside thereof, it is stated that they contain such returns only, and such statement is signed by the person transmitting the same. Letters or packets under the Statistical Returns Act of 1896, addressed to the Registrar-General, marked on outside, "Statistics."

NEWSPAPERS.

A publication coming within the following description and duly registered in the General Post Office, as hereinafter provided, shall be deemed a newspaper, that is to say:—

A publication consisting wholly or in substantial part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements, and whether printed for sale or gratuitous distribution: Provided that—It is printed and published in Queensland; it has the full title and date of publication printed at the top of the first page, and the whole or part of the title and the date of publication printed at the top of every subsequent page, and of every table of contents and index; it is published in parts or numbers at intervals not exceeding one month; every such part or number shall be deemed a separate newspaper.

A publication coming within the following description shall be deemed a supplement to a newspaper, and may be transmitted with it, that is to say:—A copy of the daily or weekly issue of the Parliamentary Debates published by the authority of Parliament, or any publication consisting wholly or in substantial part of matter like that of a newspaper, or of advertisements printed on a sheet or sheets, or consisting wholly or in part of engravings, prints, or lithographs illustrative of articles in the newspaper, or of literary matter, the letterpress of the same being printed in Queensland from type set up in Queensland, or from stereotype plates made therefrom; and having the printer's name thereon, and further having the title and date of publication of the newspaper printed at the top of every page of the supplement, or at the top of every sheet or side on which the engraving, print, or lithograph appears. Any other matter accompanying a newspaper shall not be deemed a supplement.

The proprietor, printer, or publisher of a newspaper, as defined by section 20 of The Post and Telegraph Act, 1891, may register such newspaper at the General Post Office for circulation within Queensland, and for transmission to places abroad, subject, however, to the following conditions:—

- (a) The application for registration must be made in writing;
- (b) It must contain a description of the newspaper to be registered, and show at what intervals the same is or is intended to be published;

(c) It must be accompanied by a certificate of the registration of such newspaper in the Supreme Court Office, a copy of the newspaper to be registered, and a fee of 5s.

A copy of each issue of every registered newspaper must be sent to the Postmaster-General, at Brisbane, and it shall not be necessary to prepay such copies.

Any proposed change in the form of a newspaper must be submitted for the consideration of the Postmaster-General.

Should the Postmaster-General consider that a newspaper has ceased to fulfil the prescribed conditions of a newspaper, as defined by the Post and Telegraph Act, the registration thereof shall be cancelled, and any number posted after intimation of such cancellation shall be treated and charged as a book packet.

The Postmaster-General may refuse to transmit or deliver any publication containing seditious, blasphemous, or obscene words, and may revise the register and may remove therefrom any publication, a copy of which is posted as a newspaper, and which is not a newspaper as hereby defined, or a posted copy of which contains seditious, blasphemous, or obscene words.

All unregistered newspapers are treated and charged as book packets.

The registration of a newspaper at the Post Office is only intended to apply to transmission through the post, and it does not in any way affect the registration required to be made at the Supreme Court.

Bulk bundles, consisting of at least four newspapers, with or without supplements printed and published in Queensland, not exceeding 14lb. in weight, will be forwarded at the rate of 1d. per lb., to places within the colony only, if posted by a recognised newspaper publisher or newsvendor, who must register his name at the local post office; such charge shall be levied on the aggregate weight of the parcels lodged at any one time. The postage stamps must be affixed to the "newspaper postage docket," and must be cancelled by the person posting the newspapers writing or impressing his name, together with the date of posting, across the stamps, and the post office receiving officer shall impress the docket with the date stamp of the office and send it to the Accountant at the Chief Office by the first mail. The bundles must be stamped at the receiving office with the "paid at" stamp and the date stamp of the office.

Each newspaper must be sent without a cover, or in a cover open at both ends, folded or covered so that the title can be recognised.

There shall not be in or upon any newspaper or the cover thereof any communication, character, figure, letter, or number other than the words "Newspaper only," or a mark to indicate any report, article, or paragraph therein; the printed title of the newspaper; the printed names, occupations, and places of

business of the printer, publisher, and vendor thereof; and the name, occupation, and address of the person to whom it is sent, and the name of the person sending the newspaper.

There shall not be anything except the supplement or supplements proper to the newspaper enclosed in or with or accompany the newspaper or cover.

If any inset or handbill is placed inside or between the pages of a newspaper, but has no connection therewith as a part of such newspaper within the meaning of these Regulations, the newspaper containing such inset or handbill shall be charged postage as a book packet.

If a newspaper addressed to any place within the colony is found to contain writing or any illegal enclosure, it may be forwarded to its destination charged according to its weight, with the full rate of postage to which the enclosure would properly be subject; but if the newspaper be addressed to any place beyond the colony, it shall be detained, and shall in due course be sent to the Dead Letter Office. This Regulation shall apply to any newspaper whether posted in the colony or received from places beyond.

Newspapers addressed to several persons, to be delivered separately at each address, must not be tied up in bundles, and each newspaper must bear the proper postage.

Two or more newspapers to the same address can be tied together, but the outside newspaper or wrapper must bear on its face or addressed side the full postage for each paper, and the parcel should be tied so that the number of papers can be counted.

Newspapers (not being those forwarded as bulk parcels) made up in packets bearing the same address can be transmitted at book rates of postage, but the weight of any such packet must not exceed 4lb.

Any newspaper, or parcel of newspapers, addressed to any place in the Australasian Colonies, not bearing the full postage, will be surcharged on delivery with double the deficient postage. Insufficiently paid newspapers for other countries cannot be transmitted, and will be detained and destroyed unless otherwise directed.

Newspapers originating in the colony, redirected from one post office to another within the colony, may be transmitted accordingly, but are chargeable with a fresh newspaper rate of one halfpenny each, which must be paid on redirection or on delivery; those originating beyond the colony are charged 1d. each on redirection or delivery.

Magazines and periodicals, posted outside the colony for delivery in Queensland as newspapers, must be prepaid at the prescribed rate of $\frac{1}{2}$ d. for every 2oz. or fraction thereof, and if not so prepaid must be charged double the amount deficient at that rate.

The collected number of newspapers issued during the month of a weekly or fortnightly publication, whether stitched or unstitched, are not allowed to pass as a single publication, but each number must be paid for as a separate newspaper.

Single newspapers from publishers, bearing $\frac{1}{2}$ d. postage stamp, will be conveyed by railway to all stations; also parcels of newspapers from publishers up to 1lb. in weight, having a 1d. stamp affixed, addressed, and to be delivered to one person or firm. The newspapers must be fully addressed and stamped and to admit of the stamps being obliterated they must be delivered at the Railway Parcels Office not later than ten (10) minutes before the train is due to start.

Newspapers intended for conveyance by mail services beyond the railway line must be sent through the Post Office in parcels not exceeding 14lb.

If a newspaper printed and published in any of the Australasian Colonies and addressed to any place in Queensland is found to contain any advertisement or other matter in contravention of the Suppression of Gambling Act or the Indecent Advertisement Act, such newspaper shall not be transmitted or delivered, but shall be forthwith sent to the Dead Letter Office to be returned to the colony of origin or otherwise dealt with as the Postmaster-General may direct.

REGISTRATION.

The fee for registering a letter, packet, or newspaper, to all places within or beyond the colony, is 3d., and this fee as well as the proper postage must be prepaid by means of adhesive postage stamps affixed to the cover.

Every article for registration must be handed to the postmaster or postal officer, and a receipt obtained for it on the proper form. If an article intended

to be registered is simply posted in the receiver it is liable to be treated as an ordinary article, and the extra stamps, if any, on it forfeited.

The registration fee on letters and books on Savings Bank business, posted by Savings Bank officers in the country districts and addressed to the Savings Bank Head Office, need not be paid in advance, as it will be collected on delivery.

If a registered article posted in Queensland and addressed to any country of the Postal Union which admits the principle of responsibility for the loss of registered articles be lost, an indemnity not exceeding 40s. will be paid to the sender, or, at his request, to the addressee of the lost registered article. Registration does not render the Department liable to any further extent. All countries in the Postal Union admit the principle of responsibility except Argentine Republic, Brazil, Canada, Ecuador, Guatemala, Natal, Paraguay, Peru, South Australia, Cape Good Hope, South African Republic, United States, and Western Australia.

The sender of any registered article may obtain an acknowledgment of its due delivery to the addressee by affixing to the article a postage stamp of the value of 2½d., placed apart from the others, in addition to the registration fee of 3d. and the ordinary postage. The sender must also write his name and address legibly on the back of the article before tendering it for registration.

Letters addressed to initials only, such as X., Y., Z., or to fictitious names, cannot be registered.

REDIRECTION.

Inland and intercolonial letters, packets, and newspapers, on being redirected, are charged the same amount of postage, in addition to the original postage, as would be payable if such letter, packet, or newspaper were originally posted at the place of redirection, unless both the original and the second address are within the delivery of the same post office, and even in that case they are not exempt from a second postage unless the redirection be made by an officer of the Post Office. Correspondence redirected and reposted is to be charged ordinary postage only, and not to be treated as wholly unpaid.

For purposes of redirection the whole of the letter carrier's delivery in any town is regarded as within the official delivery of such town.

Soldiers' and sailors' letters under section 14 of the Post and Telegraph Act are exempted from any charge for redirection.

Correspondence of all kinds, ordinary or registered, which, being wrongly or insufficiently addressed, is returned to the senders in order that they may rectify or complete the address, is not, when posted with the direction rectified or completed, regarded as redirected correspondence, but as being really fresh correspondence, and is consequently liable to a fresh postage.

Correspondence redirected from one country of the Postal Union to another country of the Postal Union will be treated as follows:—

- (a) If originally fully prepaid to its first address, it will be charged with the difference between the postage already paid and the postage which would have been required for prepayment from the place of origin direct to the final destination.
- (b) If originally unpaid or insufficiently paid, it will be charged as if it had come direct from the place of origin as unpaid or insufficiently paid correspondence.
- (c) Except as already specified, postage is not charged on correspondence redirected to countries of the Postal Union.

LETTERS AND PACKETS SUPPOSED TO CONTAIN ARTICLES LIABLE TO CUSTOMS DUTY.

Upon receipt at any post office of a letter or packet supposed to contain an enclosure liable to Customs duty, such letter or packet must be endorsed "Duty," and be immediately sent to the post office at the nearest port or place of Customs entry to be dealt with.

When a letter supposed to contain an enclosure liable to duty is received at such post office, the addressee must be advised of the fact, and informed that the Customs authorities must be satisfied as to the character and value of the enclosure, either by the production of an invoice or other satisfactory evidence; if this cannot be done he must authorise the postmaster in writing to deliver the letter to the Customs officer to be opened in his presence for examination

and valuation. If this authorisation is not furnished, the letter must be forwarded to the Dead Letter Office to be dealt with, and it may be delivered to the Customs as directed by section 45 of the Post and Telegraph Act.

Packets containing articles supposed to be liable to Customs duty must be dealt with in the same way as parcels—that is, they shall be at once opened, examined, and valued by a Customs officer, in the presence of the postmaster or other postal officer, without reference to the addressee.

When a letter or packet has been examined and found to contain articles liable to Customs duty, the amount for such duty must be marked on the cover, and the letter or packet transferred to the parcel post. Ordinary letters and packets when thus transferred to be forwarded to the sub-duty offices in the same manner as provided for parcels, and entered in the same way on the duties payable list, but distinguished in the margin as letters and packets respectively. Registered letters and packets in addition to being treated as prescribed, must be also entered in the registered parcel list in the same way as registered parcels.

On receipt of such letters and packets at the sub-duty offices they are to be treated in the same manner as other dutiable parcels are treated so far as the collection and accounting for duty is concerned, otherwise they are to be dealt with as registered or ordinary letters and packets respectively.

When the amount due for duty on a letter or packet does not exceed 1s., such letter or packet shall be sent by the first mail to the office to which it is addressed, and the duty charged thereon entered on the letter bill as postage, and collected and accounted for in every respect in the same manner as postage is collected and accounted for.

ARTICLES NOT ALLOWED TO BE SENT BY POST.

Any blasphemous, indecent, or obscene print, painting, photograph, lithograph, engraving, book, or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character; also any explosive, dangerous, or noxious substance, any living creature (except bees), or anything likely to injure the contents of the mails or any officer of the Post Office. Books infringing the copyright laws of the United Kingdom or its dependencies; all articles of foreign manufacture bearing an English mark, or otherwise represented as of British manufacture; sugarcane cuttings from the island of Java (and such cane arriving will be destroyed), grape vines, grape-vine cuttings, grapes in bunches, coffee plants and seeds for planting purposes from any places whatever.

Under the parcel post, however, razors, scissors, needles, knives, forks, or other sharp instruments are permitted to be forwarded if so packed as to prevent all risk of injury to other parcels or to the officers of the Post Office. Liquids, or semi-liquids, such as paint, etc., glass in any form, are also received if so packed as to be secure from breakage.

The transmission by post of gold, silver, precious stones, jewellery, etc., is prohibited in the countries indicated in the Post and Telegraphic Guide. Such articles may, however, be sent to each of the countries not so marked as have parcel post exchanges with Queensland, except in cases where the Parcel Post Regulations specially exclude their admission.

Tobacco is not allowed to be sent to the United Kingdom by sample post, except unmanufactured samples of type tobacco for trade purposes. Such samples, provided that their gross weight does not exceed 4 ounces, will be handed to the addressees upon payment of a charge of 8d. for Customs duty.

POST CARDS.

Post Cards, single and reply, with the words "Post Card" on the addressed side, whether official or private, may be sent by post, subject to the following conditions and regulations:—

Single Post Cards, impressed with a Queensland penny stamp, or having undefaced adhesive Queensland stamps of the value of 1d. affixed thereto, may be transmitted between places in Queensland and to the Australasian Colonies, including British New Guinea, Fiji, and the New Hebrides. Similar cards, having an undefaced Queensland stamp or stamps of the value of 1½d. impressed or affixed thereto, may be sent to any place beyond the Australasian Colonies.

Reply Post Cards—that is, double cards—may be transmitted between places in Queensland and to the Australasian Colonies, provided each half has impressed or affixed thereon an undefaced Queensland stamp of the value of 1d. Reply cards, intended for transmission to other places in the Postal Union, must have, impressed or affixed to each half, undefaced Queensland stamps of the value of 1½d.

The conditions prescribed for single post cards must be observed in respect of each half of reply post cards; one half must be doubled over the other, and the half cards must not be closed up in any manner whatsoever. The reply half of a post card received from any place outside the colony can be sent without charge only to the country in which it originated; if addressed to any other country it will be treated as an unpaid letter. The sender of a reply post card must indicate his name and address on the face of the reply half, either in writing or by means of a label attached to it.

Post cards must be sent unenclosed. The face is reserved for the postage stamps, for inscriptions relating to the Postal Service, such as "Registered," "Via San Francisco," etc., and for the words "Post Card" or "Queensland, Reply Post Card," and for the address at which it is to be delivered. The address may be written or affixed by means of a gummed label, which must not exceed two inches in length and one inch in width. Engravings or advertisements may be printed on the face of the cards.

On the reverse side any communication, whether of the nature of a letter or otherwise, may be written, printed, engraved, or designed, provided it is not of an obscene, libellous, or obviously objectionable character. Nothing whatever shall be attached to the card except the necessary postage or duty stamps (in the event of the card being used as a receipt for money), or a label with the address as aforesaid, nor shall the card be folded except as aforesaid, cut, or in any respect altered.

Private cards may be used as post cards. They must have undefaced adhesive Queensland postage stamps affixed for payment of postage, and must be composed of ordinary cardboard, and be of the size and substance of the official post cards, and of approved colour. The words "Post Card" must be written or printed on the face of the card.

When, owing to a great and unusual influx of letters, packets, etc., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, post cards may be kept back until the next despatch or delivery.

Post cards infringing these Regulations, excepting that relating to obscene, seditious, libellous, and objectionable matter, will be charged as letters. Objectionable, seditious, libellous, or obscene cards will not be transmitted.

The conditions under which cards may be impressed with the penny postage stamp are as follow:—A week's notice must be given by the applicant to the Chief Office, and a sample of the cardboard it is proposed to use submitted. None but cardboard of approved quality and colour will be accepted. Each sheet of cardboard must be of the size of 25 inches by 20 inches, and must not exceed 3 ounces in weight. Not fewer than 50 sheets of cardboard can be received at one time. On each sheet the applicant's name or monogram is to be embossed or printed, and any printing must be thoroughly dry. Cards when impressed will be returned to the applicants in sheets of 21 impressions. No fee will be charged for stamping. Cash must accompany all cards to be impressed. No commission will be allowed on cards impressed for licensed vendors.

NOTE.—1. British post cards, official or private, received in the mails from the United Kingdom and bearing postage at 1d. each, whether paid by impressed or adhesive stamps or by both, are entitled to free delivery.

2. There is no international exchange of private post cards.

3. Ordinary post cards are to be stamped on address side only, and illustrated post cards on back only.

POSTAGE STAMPS.

The following denominations of stamps are supplied by the Post and Telegraph Department:—½d., 1d., 2d., 2½d., 3d., 4d., 5d., 6d., 1s., 2s., 2s. 6d., 5s., 10s., and 20s., and, with the exception of the 1d. stamp, are to be used for postal purposes only. The 1d. stamp may be used for duty as well as postage.

Any company, firm, or person, with the permission in writing of the Postmaster-General, may perforate stamps or post cards with letters, figures, or de-

POSTAL INFORMATION.

signs approved in such writing, and stamps so perforated shall not be considered to be defaced, and may be used for postage on letters, packets, and newspapers; but the public are cautioned against purchasing perforated stamps.

All Letters, Packets, and Newspapers posted in Queensland that are required to be prepaid must bear Undefaced Queens and Stamps.

Duty Stamps are supplied by the Treasury.

Specimen sets of Queensland postage stamps can be obtained at the General Post Office, Brisbane, on the payment of £1 per set.

Postage stamps of the United Kingdom and Australasian Colonies may be purchased at the General Post Office in quantities not exceeding 5s. in value.

No sales will be made of less value than 5d. for English and 6d. for inter-colonial stamps.

A commission will be charged of 1d. on every 5d. worth of English stamps purchased, and every 6d. worth of intercolonial stamps.

LICENSES TO SELL STAMPS.

Persons desiring licenses to sell stamps must make written application to the Under Secretary, stating where his or her premises are situated, and the nature of the business carried on by the applicant.

Licenses are granted without charge, are revocable at pleasure, and only authorise selling at the premises named in the license.

A notice must be exhibited in some conspicuous place in front of the premises licensed, with the words "Licensed to Sell Stamps" painted in letters at least 1 inch in height and of a proportionate breadth.

Licensed vendors must purchase for cash, and are allowed a discount not exceeding 2½ per cent, but they must not use stamps for the payment of accounts, nor for remittances.

LETTER CARDS, POST CARDS, AND NEWSPAPER WRAPPERS.

The following shall be the rates payable for letter cards, post cards, and newspaper wrappers:—

Letter Cards, 2d. each.

Post Cards, Inland and Intercolonial, single, 1d.; reply, 2d.

Post Cards, British and Foreign, single, 1½d.; reply, 3d.

Newspaper Wrappers, 1d. and ½d. each.

No discount is allowed on letter cards, post cards, or newspaper wrappers.

LETTER CARDS.

Letter cards, consisting of a double card, which may be closed against inspection, having printed thereon a postage stamp of the value of 2d., may be purchased for 2d. each, and are available for transmission without additional postage to any place within the colony, and to British New Guinea, New South Wales, Victoria, South Australia, Western Australia, Tasmania, New Zealand, and Fiji. Nothing whatever shall be written, printed, or otherwise impressed on the front or stamped side of a letter card, except the address, and inscriptions relating to the postal service, such as "Registered," "Via Sydney," "Per Steamer," etc. If anything is enclosed in, or attached to, a letter card it will be treated as a letter, and if the stamps thereon are not equal to the letter rate of postage, the deficiency at that rate, and an equal amount as a fine, will be charged and collected on delivery. Letter cards that may be unclaimed will be treated as unclaimed letters.

PRIVATE BAGS.

The charge for a Private Bag is £2 2s. per annum, payable in advance. Payments must be arranged so that renewal fees fall due on the 1st January; new subscribers to pay the proportion from the first day of the quarter in which they commence to the end of December. The bag must be provided at the cost of the person requiring it; if furnished with a lock, two keys are necessary—one for the postmaster and the other for the owner. The postmaster will lock or seal the bag for despatch, and it must be returned in like manner; if a seal is used the impression must be made known to the postmaster. The bag may contain letters, packets, parcels, newspapers, and other postal matters for all persons who have given written authority to the postmaster to enclose them; but it must be distinctly understood that the person who pays for the private bag is responsible for the postage of all unpaid letters, for the receipts for those regis-

tered; also for the acknowledgments of delivery being signed by addressees and returned to the Post Office. In cases of non-payment of postage or detention of registered letter receipts or acknowledgments, the postmaster may decline to forward any more letters of those classes. A contractor is bound to convey and deliver, free of charge, all bags given him by the postmaster or under his instruction, but he is not required to deviate from the usual mail route or road, and is on no account to be delayed. Should the return bag not be ready at the appointed time and place, the contractor must not wait for it.

PRIVATE BOXES.

The charge for a Private Box, with or without a lock, is £1 10s. per annum, payable in advance. Payments must be arranged so that renewal fees shall fall due on the 1st of January. New subscribers shall pay the proportion from the first day of the quarter in which they commence to the end of December. Two keys will be supplied with each lock-box without extra charge; if more are required they will be charged for at 2s. 6d. each, and keys must not be obtained elsewhere than from the Department. In the event of a key being lost, the information must at once be given to the local office, and the remaining keys returned. A new lock will then be fitted to the box, and new keys supplied, for which 7s. 6d. will be charged. It must be distinctly understood that Private Boxes are only let upon the conditions mentioned, and that upon any breach thereof the Department can at once withdraw permission for the use of a box. On the discontinuance of a lock-box the keys must be returned by the holder, as they are the property of the Government. A private box or bag shall not be allowed to anyone against whom a prohibition order has been issued under section 49 of the Post and Telegraph Act, 1891.

The following are the principal Regulations under which inland parcels will be accepted from the public, transmitted, and dealt with:—

Inland parcels shall mean and include all parcels received at any post office in Queensland for delivery therein. The words "parcel" and "parcels," wherever they occur in these Regulations, shall mean respectively "inland parcel" and "inland parcels."

Limit of weight of parcel shall be 11lb.

Limit of size of parcel shall be 3ft. 6in. in length, or 6ft. in girth and length combined.

Postage (to be prepaid by stamps:—1lb. or under, 6d.; each additional lb., 3d. The stamps to be fixed to an adhesive label, obtainable at any Parcel Post Office by the sender, and the label to be attached to the parcel by the Postal Receiving Officer after he has ascertained the weight.

No parcel will be accepted unless fully prepaid as above.

Parcels posted in letter-boxes or not duly handed to an officer of the Department will be regarded as irregularly posted; if not exceeding 1lb. in weight, such parcels will be forwarded as letters or packets under the rule relating thereto, but when in excess of that weight they will be returned to the sender on payment of an additional fee of 6d. for each parcel.

Parcels may be registered upon payment in stamps of an additional fee of 3d., and for an additional 2½d. a receipt will be obtained on delivery, which will be forwarded to the sender by post.

No parcel may contain a letter, coin, bank-notes other than Treasury notes, bars of gold or gold dust, or consist of or contain two or more parcels or other

postal packets of the same or of different descriptions, addressed to different persons at different addresses. This Regulation does not prohibit the enclosure of invoices, business cards, or printed circulars, or advertisements, price lists, particulars of contents of or receipted account for such parcel. No parcel must bear on the outside any indecent, obscene, profane, or libellous address, signature, marks, words, or designs, or contain any indecent or obscene print, photograph, lithograph, writing, engraving, book, or card, or other indecent or obscene article; nor must there be enclosed in any parcel articles of an offensive nature or liable to sudden combustion, or of a dangerous, destructive, or explosive character (cartridge cases and percussion caps if packed in soldered tins excepted), or any intoxicating liquor except such as may be sent as *bona fide* samples for trade purposes in quantities not exceeding 4 ounces and of no marketable value, or opium or any preparation thereof unless medicinal. Live animals, reptiles, game, fish, butter, eggs, or anything likely to do injury to persons or parcels will not be forwarded. Parcels containing fruit, liquids, or semi-liquids, such as jellies, pickles, varnish, paint, medicines, etc., will be accepted conditionally upon their being so securely packed that the contents cannot escape, and the vessels in which they are contained are sufficiently strong to prevent breakage in transmission.

The following are the principal regulations relating to foreign parcels:—

FOREIGN PARCEL POST.

1. "Foreign parcels" shall mean and include all parcels received from any place beyond the limits of Queensland for delivery in Queensland, or received at any post office in Queensland for delivery beyond the limits thereof, and the words "parcel and parcels" shall, wherever they occur in these Regulations mean respectively "foreign parcel" and "foreign parcels."

2. Except where otherwise stated, the weight of a parcel must not exceed 11lb.

3. Parcels must not exceed 3 feet 6 inches in length, or 6 feet in length and girth combined, unless otherwise specified.

4. The postage must be fully prepaid by stamps affixed to the parcels in the same manner as prescribed for inland parcels, at the following rates—

Intercolonial—8d. for first pound, and 6d. for every additional pound or fraction of a pound.

United Kingdom—1s. for first pound, and 6d. for every additional pound or fraction of a pound.

Parcels posted in Queensland for the United Kingdom, France, and Algeria can be delivered at their destination by special messenger if plainly marked by the sender "express." Such parcels will be charged 5d. to be prepaid by the senders.

5. Parcels will be received at and delivered from any post office to which mails are carried by railway or steamer or both, and such offices as the Postmaster-General may from time to time direct.

6. The sender of any parcel will be required to sign a declaration, on a form provided for the purpose, furnishing an accurate statement of the contents of the parcel and the value thereof, address of the addressee, and the sender's place of abode, which declaration must be attached to the parcel to which it relates. Declaration forms will be issued to the public free of charge, and may be obtained at any Parcel Post Office.

7. Parcels with regard to which a false declaration shall have been made may be confiscated.

8. A certificate of posting may be obtained, if desired and applied for at the time, by the person posting a parcel, on payment of a fee of 3d. In the case of intercolonial parcels, one certificate may include as many parcels as the sender chooses to enter; and acknowledgments of delivery of such parcels may be obtained on payment of a fee of 2½d. for each parcel.

9. No parcels will be received or delivered which contain articles of an explosive, combustible, dangerous, or offensive character, or articles likely to injure other parcels, or live animals (except live bees to the United Kingdom); grape-vines, vine cuttings, or grapes in bunches from places beyond the Colony; or sugar-cane from Java, or any false or counterfeit coin, or articles infringing trade-mark or copyright laws, or any article that is inadmissible to the Inland Parcel Post, or articles the admission of which is not authorised by the Customs or other laws and regulations of the countries to which such parcels may be

addressed. Parcels bearing indecent, obscene, profane, or libellous addresses, signatures, marks, words, or designs will not be received or delivered. All prohibited articles may be forthwith confiscated. No coin or bullion is allowed.

10. No parcel shall contain any letter or communication of the nature of a letter; and should any letter or communication be enclosed, such letter or communication will be treated as an unpaid letter, and charged for accordingly.

All parcels from places beyond the colony received at the Chief or any District Parcel Office will be examined, and the amount due thereon for Customs duty assessed by a Customs officer.

(NOTE.—For full instructions as to payment of Customs duty, consequences of non-payment, etc., a Postal Guide should be consulted.)

13. The necessary Customs entries will be passed free of cost to the addresses of parcels received.

14. Where satisfactory arrangements can be made parcels will be delivered as addressed, in the larger towns in Queensland where carriers under contract are employed. At all other parcel offices notice will be given to addressees, and delivery must be taken at the post office. In all cases senders should advise addressees by post of despatch of parcels, so as to insure prompt delivery.

15. In the event of any parcel being addressed to a place beyond the limits for the transmission of parcels, the addressee, on being advised of the arrival of the parcel at the nearest Parcel Post Office, must state how he wishes the parcel to be disposed of.

16. Unclaimed or undelivered parcels will be retained by the Post and Telegraph Department for a period of three months, when, if still unclaimed, they may be returned to the sender through the colony or country from which they were received. Should any parcel be refused by the addressee, it may be forthwith returned to the sender, subject, however, to fresh postage and any other charges to which it may have become liable.

17. If a parcel cannot be delivered from any cause, the sender will, if possible, be consulted as to its disposal.

18. Parcels returned to another country at the request of the sender will be surcharged with the ordinary parcel postage. Such surcharge, together with any other charges to which the parcel has become liable, will be collected on delivery, unless remitted by the sender or the addressee of the parcel.

19. At the written request of either the sender or addressee, or the authorised agent of either, a parcel can be re-directed to another country with which arrangements have been made for the exchange of postal parcels, but will be subject to fresh postage and any other charges to which it may have become liable, which must be either prepaid or collected on delivery.

20. Parcels which cannot be delivered, or re-directed, or returned to the sender, will be sent back to the country whence they came.

21. The contents of unclaimed or undelivered parcels which have been returned to Queensland, and cannot be delivered to the sender, will be sold or destroyed as may be directed by the Postmaster-General.

22. The contents of parcels should be securely packed, and closed in such a manner as to preserve them from injury.

23. Parcels will only be received and forwarded at the risk of the owners. In no case will the Postmaster-General be responsible for the delay, non-transmission, non-delivery, injury, or loss of any parcel.

24. No current coin or bullion shall be allowed to be sent by Parcel Post.

NOTE.—Parcels posted in Queensland are, by special arrangement with the contractor, carried to and from Canterbury, Mooraberrie, Betoota, Birdsville, and intermediate stations at a rate, including postage, of 6d. per lb.

Parcels will be received at the Parcel Office, Brisbane, from 9 a.m. to 5 p.m. daily, Saturday excepted; on Saturdays they will be received from 9 a.m. to noon. Parcels will be received at other offices during such times as they may be open for the transaction of postal business.

Applications or complaints regarding parcels should be addressed to the Under Secretary.

On the Homeward route, April 20 to September 21, extra time is allowed between Adelaide and Naples, during the prevalence of the S.W. monsoon.

Mails for the Orient Line leave Brisbane the Monday before dispatch from Adelaide and arrive in Brisbane about the fifth day after reaching Adelaide.

TORRES STRAIT ROUTE.

This route is not now used for correspondence with Great Britain, all mails being sent via Melbourne.

MAILS via SYDNEY and SAN FRANCISCO.

Under existing arrangements the steamers leave Sydney every fourth Wednesday from December 20, 1899, and are due in Sydney on every fourth Sunday from January 21, 1900.

Places and Post Towns.

This portion has been officially corrected to date for Pugh's Almanac, and is copyright. Letters addressed to places should have the post town added. The place is first given then the post town, while R.O. stands for Receiving Office.

Stations in the Settled Districts.

The information contained herein is obtained from the Pastoral Occupation Branch, Department of Public Lands, and revised by the Divisional Clerks in the several districts. Great care and trouble has been expended in compiling this, and it is, up to date, as perfect as can possibly be had, supplemented by private information received by the Editor.

In these lists the name of the station stands first, then the district and nearest post town, the names of owners, or, if mortgaged, the names of owners and mortgagees, thus: J. Brown (Queensland National Bank).

NOTE.—It is requested that any error, alteration, or correction may be sent direct to the Editor, "PUGH'S ALMANAC," 127, Queen Street, Brisbane.

Stations in the Unsettled Districts.

The information contained herein is obtained from the Pastoral Occupation Branch, Department of Public Lands, and revised by the Divisional Clerks in the several districts. Great care and trouble has been expended in compiling this, and it is, up to date, as perfect as can possibly be had. The remarks as to owners, &c., in Settled Districts apply also to this.

NOTE.—It is requested that any error, alteration, or correction may be sent direct to the Editor, "PUCH⁸ ALMANAC," 127, Queen Street, Brisbane.
